The University of Florida's Animal Law Association is honored to host

Julie E. Lewin

Saturday, April 5

**Julie is our movement's top expert on winning
state, county, and local laws for animals and their aggressive
enforcement.**

The University of Florida's Animal Law Association invites all animal advocates to join us for this important event. We urge all groups to send two representatives—don't let this opportunity pass by! Julie's presentation/workshop will focus on how to win strong state and local laws and policies to protect animals—and their aggressive enforcement! We can become power players for animals at every level of government. Julie will tell us how! We are wasting our great potential power, and—tragically—suffering animals pay the price. We must lobby through political organizations, as every other issue group does.

**Anyone and everyone who is passionate about
Animal issues will not want to miss this major event !**

Julie is the president of the National Institute for Animal Advocacy
<http://www.nifaa.org>.

She is author of the highly praised* new book,
"GET POLITICAL FOR ANIMALS AND WIN THE LAWS THEY NEED:
Why and How to Launch a Voting Bloc for Animals in Your Town, City, County
and State
—and the Simple Steps It Takes to Do It."
